THEY STICK TO IT.

In the Senate Bribery Investi-
gation Yesterday.

Huntun and Kyle Reaffirm Their
Former Statements.

BUTTZ WAS UNTIRING.

He Made Frequent Attempts to
Buy Their Votes.

WASHINGTON, May 22.—The com-
mittee to investigate the charges of
bribery in the senate was on hand
promptly at 10 o'clock yesterday in
the room of the committee on privi-
leges and elections. Both Senator
Huntun and his son stated that C. W.
Buttz was the man who had ap-
proached Senator Huntun. The nar-
rative did not differ materially from
the story heretofore given to the
press by Senator Huntun.

Senator Kyle was before the com-
mittee more than an hour and was in-
formed that he would probably be
called again. He put the committee
in possession of all the information in
his power.

At 3 o'clock Major Buttz was called,
but after he had entered Chairman
Gray told him he had been called a lit-
tle too soon, and to retire until a point
which was under discussion could be
settled. Buttz announced that he
wanted his attorney present when he
testified. He still adhered to his
determination not to testify unless he
was furnished a copy of the testimony
heretofore given, saying the com-
mittee may send him to jail for
eternity before he will change his
resolution on this point.

A few minutes later Buttz was
again called and his attorney was ad-
mitted. The committee had been con-
sidering the advisability of going to
New York to obtain a portion of the
testimony in regard to the sugar al-
legations, but the ultimate course has
not been decided upon. The commit-
tee has summoned James W. Walker,
an attorney of Washington, D. C., to
appear before it. He is the man who
gave Buttz the letter of introduction
to Senator Huntun's son.

Senator Gray also declined to give
out anything concerning Mr. Buttz's
testimony, saying that no summary of
it could be given that would not be
liable to do injustice to Mr. Buttz and
the case itself.

Fragmentary references to the pro-
ceedings leave little room for doubt
that when the report of Buttz's testi-
mony is published it will make very
racy reading. He first demanded a
transcript of the report of the testi-
mony of preceding witnesses, but
comprised by accepting a position
that the reporters should read the
portions of the testimony of other
witnesses which reflected upon him
in any way. He was thus con-
fronted with the statement that
Senators Kyle and Huntun had iden-
tified him as the man who attempted
to corrupt them and having in his
letter to Senator Huntun laid the
responsibility for this charge at the
doors of the newspapers and relieved
the senator from all blame, he was
placed in a somewhat embarrassing
position, and the brief references to
his testimony indicate that he made
an effort to excuse himself and ex-
plain away the entire charge. He
explicitly denied any intention on his
part to corrupt the senators. It is
also understood that he politely de-
clined to answer some of the more
pertinent questions put to him by
members of the committee.

Other witnesses of the afternoon
were Duncan McFarlane, Senator
Kyle's clerk, and James W. Walker,
an attorney of this city, who gave
Buttz a letter to Eppa Huntun, Jr.
Mr. Walker said that when Buttz had
asked for a letter to Mr. Huntun he
had said he wanted to employ him as
an attorney, and had given no other
reason for wanting to know that gen-
tleman. Mr. McFarlane told how,
after Senator Kyle had referred Buttz
to him, he had talked with him and
made notes upon his conversation.
He confirmed Senator Kyle's state-
ment, and said emphatically that
Buttz had made a direct proposition
to bribe the senator to vote against
the tariff bill. He also submitted his
notes on his conversation with Buttz.

Breckinridge Is Confident.

WASHINGTON, May 22.—Representa-
tive W. P. C. Breckinridge was seen
yesterday about a report that a dele-
gation of prominent Kentuckians in-
tended coming here to urge him to
withdraw from the race for congress
in favor of his son Desha. Mr. Breck-
inridge said: "I have heard the rum-
or. You can say for me that the old
man will be in congress next time.
After that the young man may be al-
lowed to take his chances in the race,
but for the present I am still in it."

Gold in Oklahoma.

GUTHRIE, Ok., May 22.—There is
considerable excitement in Paul's val-
ley over the discovery of placer gold
in paying quantities. A woman who
formerly lived in the placer region in
California has known of the existence
of this field for a long time, but has
kept the matter quiet, and worked
the find, washing out several hundred
dollars' worth before the secret
leaked out. Companies are being or-
ganized to develop the find.

AN ANARCHIST'S HEART.

A Post Mortem of Henri at Paris Shows
Some Peculiar Things.

PARIS, May 22.—A post mortem ex-
amination of the remains of Emile Henri,
the anarchist who was executed yester-
day morning shows that his heart was
affected by the sudden manner in which
he was aroused to meet his death, that
according to the physicians he may have
died on the bascule of the guillotine be-
fore he was actually beheaded.

The physicians who made the post
mortem examination declare that Henri
was not in any way tainted with in-
sanity.

REPUBLIC OF HAWAII.

Such Will Be the Name by Which the
Sandwich Islands Will Be Known.

HONOLULU, May 15 (via San Fran-
cisco, May 21, per steamer Gaelic).—
The constitutional convention, the
members of which were elected on
May 8, will meet on May 30. The new
constitution will be presented to the
convention for its approval.

The new government is to be called
the Republic of Hawaii. The execu-
tive power will be vested in the pres-
ident. The executive council will
consist of five members instead of
four, as at present, a minister of
health and education being added.
The upper house will consist of fifteen
senators.

The qualification of a senator will
be that he shall be 30 years old; shall
be able to read and write the English
language; shall have resided on the
island three years; shall own property
of not less than \$5,000 in value and
shall have an income of \$1,200 a year.

The assembly, or lower house, is to
consist of fifteen members, six from
the island of Oahu and three each
from Hawaii, Maui and Kauai. They
will serve for two years only. A
majority of seven must be a citizen
of Hawaii or a citizen of any coun-
try which has treaty relations
with Hawaii and have resided in the
islands at least one year.

The president will have the power
of veto, which can be overruled by a
two-thirds vote of both houses. It
is the present intention to have Presi-
dent Hale appointed for a term of
years, probably six, after which the
office will be filled by regular elec-
tions. It is more than likely also that
the present ministers will be retained
for a few years, as their appointment
rests with the president.

DANGER OVER.

Water Has Fallen One Foot and the
Danger Believed to Be Over.

WILLIAMSPORT, Pa., May 22.—At 9
o'clock last night the water had fallen
one foot and the danger is thought to
be over. Every foot of ground in the
city is four feet under water, and
most of it is fifteen feet below the
surface of the stream. Many families
are homeless. Hundreds more expect
to be driven from their homes in the
next stories of which they have
found refuge.

The loss to property can not
even be approximated until the waters
recede and accounts are cast up. The
gas and electric light plants are under
water and the city is without lights.
Every one is desperate, terror-stricken
and discouraged.

STILL AT LIBERTY.

The Pursuers of the Meeks Murderers
Take a Rest.

NOVINGER, Mo., May 22.—The out-
lawed Taylors are still at large and
unless something very unexpected
happens are likely to remain so for
several days to come.

The whole country hearabout is
filled with deep and gloomy disap-
pointment. The great man-hunt,
which for four days has kept things
fairly humming with incident and
action, has been, at least temporarily,
declared off, and the bloodhounds and
the sheriff, the posses and hosts of
volunteers are going home for a rest,
when the chase will be again re-
sumed.

WITH A COUPLING PIN.

An Officer Meets Death in a Fight With
a Train Crew.

OKLAHOMA CITY, Ok., May 22.—Great
excitement prevails over the capture
of a Rock Island train by officers of
the city of Enid for the violation of a
city ordinance against running faster
than six miles per hour within the
city limits. A fight occurred between
the crew of a train and the officers in
which an officer was beaten to death
with a coupling pin in the hands of
the trainmen. The company will be
held responsible for its acts by Enid
officials, who will attempt to prevent
citizens using violence, though it is
generally believed more bloodshed
will follow.

Fatal Result of a Fight.

BOONVILLE, Mo., May 22.—Henry
Hamburg, a restaurant keeper, died
here yesterday of blood poisoning.
Sunday, May 6, he attempted to for-
cibly eject a quarrelsome boarder
named Jacob Lindner, from his house.
In the fight that followed he ac-
cidentally got his left forefinger in
Lindner's mouth, and it was bitten off
at the first joint. The injured mem-
ber was amputated, but blood poison-
ing developed from which he died.

An Ovation for Owens.

LEXINGTON, Ky., May 22.—Hon.
William C. Owens delivered his initial
address in his anti-Breckinridge cam-
paign to the people of Scott county
yesterday. Mr. Owens was greeted
by a large crowd filling a hall at
Georgetown to overflowing, and many
who desired admittance were turned
away. Fully 300 women were present
wearing Owens' badges, and they
joined in the applause.

Small Fruits Injured.

LAWRENCE, Kan., May 22.—B. F.
Smith, the big strawberry king of
this section, reports serious damage to
strawberries and raspberries by the
recent frosts. Of 2,000 crates of
strawberries he will lose nearly one-
half, and raspberries in nearly the
same proportion. A strange phenom-
enon was the destruction of fruit on
high ground rather than in low
places.

Do Not Like Chetlain.

CHICAGO, May 22.—The trial of Pre-
dergast, assassin of Mayor Harrison,
which was set for trial before Judge
Chetlain yesterday, was continued
until to-day. It is said that the pro-
secution will ask for continuances
from time to time until June 4, on
which date another judge will succeed
Judge Chetlain in the criminal branch
of the county judiciary.

SHOT OFF HIS HORSE.

Two Train Robbers Pursued by
Citizens at Yukon, Ok.

One is Shot and Captured, the
Other Escapes.

CITIZENS WOUNDED.

The Flying Bullets Injure Spec-
tators and Participants.

EL RENO, Ok., May 22.—Two men,
supposed to be members of the Dalton
gang of train robbers, passed through
El Reno early yesterday morning
traveling eastward. Their presence
was quickly noticed and word was
wired to the little town of Yukon, in
the eastern part of Canadian county,
to intercept and arrest them. A posse
was quickly organized and when the
train robbers made their appearance
they were attacked.

The defense was quite as hot as the
attack, and a running fight ensued
through the city of Yukon, a great
many shots from every description of
weapon being fired. Mr. Farrish
was shot in the groin by a Winchester,
the bullet passing entirely through
him. His wound is very serious and
he is not expected to live. An old
man by the name of Nelson was shot
in the forehead, his wound is not ex-
pected to be fatal. Numerous other
persons were wounded in greater or
less degrees during the skirmish, and
hats and coats that came out of the
fight presented the appearance of
having been used in target practice.

One of the robbers was shot off his
horse and captured, but resisted to
the last, and several of his captors
bear cuts and bruises on the head
where he struck them with his six
shooter. The other robber made good
his escape, but is supposed to have
been hit two or three times, one bul-
let taking away a portion of his hat,
another one striking him in the head.
It is not known who he is. The one
captured is not known here, but is as
tough a looking specimen of humanity
as has been exhibited here for many
days. When captured he was so
bound and tied with cord that when
they were loosened in jail he fainted.
He is in the close custody of the
sheriff and marshals, and visitors are
not allowed to see him.

The fight at Yukon lasted some time
and was very lively and interesting
for the participants. The robber who
escaped is at this time being followed
by a large posse of armed men, and
another battle is likely to occur at
any time. The sheriff and a band of
deputy marshals left this city to join
the pursuers.

United States court is in session
here and all the marshals of the dis-
trict, of which there are a very plen-
tiful number, some 100 or more, are
congregated in town attending court,
and enough of them started to cap-
ture the whole Dalton army if they
make good their expressed determi-
nation of finding them. This country
is unhealthy for train robbers.

ARKANSAS TOM GUILTY.

He Killed Three Marshals and the Jury
Convicted Him of Manslaughter.

GUTHRIE, Ok., May 22.—Arkansas
Tom, the outlaw, was yesterday con-
victed of manslaughter by a jury in
the district court. During the famous
fight between United States deputy
marshals and the Dalton gang, at
Ingalls last September Arkansas Tom
was the only desperado taken alive by
the marshals. When the officers were
firing on the hotel where the gang
were secreted Tom stood at a window
and killed Deputies Houston, Speed
and Shadley, three brave men. In
this fight Outlaws Dalton and Doolin
were wounded. It was feared during
the trial that the Daltons would raid
the court, and as a precaution
guards were distributed about the
town, but no trouble has ensued.
The prisoner will probably get a life
sentence.

SANDERS' ARMY.

They Parade Leavenworth Shouting for
More Rations.

LEAVENWORTH, Kan., May 22.—The
town was terrorized almost last night
by two companies of Sanders'
army, who broke camp and in
command of their captains marched
in a body to the federal build-
ing, in the city, and clamored for
the appearance of United States
Marshal Neely. The men were on a
strike for more rations, claiming they
were short on bread.

Sanders, who was at the hotel en-
joying an extra bill of fare, was hus-
tled to the scene and with the aid of
several deputy marshals soon suc-
ceeded in restoring order and having
the companies marched back to camp.

Coxey Issues Another Bulletin.

WASHINGTON, May 22.—J. S. Coxey
has issued bulletin No. 5 to the
American patriots of 1894, in which
he gives a highly colored ac-
count of the arrest and conviction of
the leaders in Washington. The bul-
letin concludes with an appeal for
money and supplies and urges his fol-
lowers to hold more meetings and in
every way urge senators and con-
gressmen to vote for the Coxey bill.

Osage Commission Appointed.

WASHINGTON, May 22.—Secretary of
the Interior Smith has appointed
James S. Hood of Atlanta, John A.
Gorman of Pennsylvania and John S.
Tullis of Arkansas as a commission to
treat with the Osage Indians, with a
view of allotting their lands in
severalty.

Armor Plate Frauds.

tive Outwaite of the house rules
committee.

DOCKING SALARIES.

An Amendment to an Appropriation Bill
Declaring the Same Repealed.

WASHINGTON, May 22.—Almost im-
mediately upon assembling the house
went into committee of the whole on
the legislative appropriation bill.

Mr. Hayes, Democrat of Iowa offered
an amendment which declared that
the section which allowed the docking
of members' salaries had been hereto-
fore repealed.

Mr. De Armond of Missouri, made a
point of order against the amendment
and the chairman, Mr. Richardson,
sustained the point of order.

Mr. Hayes appealed from the deci-
sion of the chair and the chairman
declared the nays had a majority.
Only a bare quorum voted. A roll
call was demanded and the decision
of the chair was overruled by 89
to 102.

The question was then put on Mr.
Hayes' amendment declaring the statu-
te repealed which authorized the
sergeant-at-arms to deduct from the
salaries of members for absence. It
was agreed—118 to 84. [Republican
applause.]

The speaker and the two Democrat-
ic members of the rules committee
voted in the negative.

Mr. Dockery gave notice a yes and
nay vote would be demanded on the
amendment when the bill was re-
ported to the house. At 5 o'clock the
house adjourned.

WAITE TALKS BULLETS.

Bloody Brides Gave Into His Weaving
Way Again.

PUEBLO, Colo., May 22.—Gov. Waite in
an address here last night classed Con-
gressman Blair, whom he claims held
out against silver in 1878, with Voorhees
and Carlisle in their surrender to the
foes of silver. He advocated coming
Mexican dollars, to be used as legal ten-
der in Colorado. He expressed the hope
that the ballot would soon overthrow the
domination of Wall street, but if the
ballot were not successful, the man who
would not bare his breast to bullets was
not a man.

Adjutant General Tarsney made a few
remarks, and said that unless something
was done the blood spilled when Coxey's
men were clubbed at Washington would
be the first in a new revolution.

Train Wreckers in Missouri.

MACON, Mo., May 22.—An attempt
was made just west of Bevier to
wreck a Hannibal and St. Joseph east-
bound Chicago passenger train by put-
ting an iron rail in the frog of one of
the rails. The train passed over.
The railroad has ordered all its trains
to run slow through Bevier and also
near Callao, five miles further west,
where obstructions have been found
on the same railroad.

Rock Island Road Miners Out.

DES MOINES, Iowa, May 22.—Three
hundred and twenty-five miners are
out at Colfax and 130 at Dunreath in
response to the request of a delega-
tion from Des Moines. The Rock
Island road is only receiving three
times as much coal as it is consuming
and a tie-up may occur within a fort-
night.

Pettis County Money Tied Up.

SEDALIA, Mo., May 22.—Sedalia was
treated to another sensation yester-
day when it was learned that \$6,700
of Pettis county money was tied up in
the First National bank when it failed.

gressman Morgan in the convention
which meets at Carthage, Mo., to-day.

In Cambridge, Mass., James Wilson,
40 years old, murdered his wife by
cutting her throat with a razor and
then inflicted three gashes upon his
own, from the effects of which he can-
not recover. Both had been drinking
heavily.

The Leavenworth Coal company de-
cided to increase the price of mining

stand firm against the strike agitators.
Other mines will make similar ad-
vances.

Trust company of New York, trustee
for the bondholders, bid in the prop-
erty for \$75,000.

FRIENDLY WITH THE SHAH

Truxton Beale Is on Very Good Terms With
the Persian Monarch.

Truxton Beale, who married Miss
Harriet Blaine, youngest daughter of
the late James G. Blaine, in
Washington recently, was a close friend of his
bride's brother, the late Walker
Blaine, and the two families
have been intimate for many
years. The bride-
groom is the only
son of the late General A. F. Beale,
who was minister to Austria in Presi-
dent Grant's time. His grandfather was
Commodore Truxton of the United
States navy. One of his sisters is the
wife of John R. McLean of the Cincin-
nati Enquirer, another is the widow of
General William B. Hazen, and a third
is Mme. Bakmetieff, whose husband is
Russian charge d'affaires at Athens.

Mr. Beale inherited a large fortune
from his father, among the property be-
ing the famous California ranch to
which General Grant sent the horses
given him by the sultan of Turkey when
the general was making his tour around
the world. Mr. Beale and his bride will
spend their honeymoon on this ranch
rather than take a trip abroad, which
would promise no novelty for either of
them. Mr. Beale is about 35 years of
age. He was graduated in 1874 from
the Pennsylvania military academy at
Chester and later from the Harvard law
school, after which he studied for some
time in Paris.

After his return to the United States
Mr. Beale practiced law for a time with
Wayne MacVeach in Philadelphia, but
gave it up to go to Persia, to which
country he was appointed minister dur-
ing the early part of President Har-
rison's administration. While in Persia
he obtained a concession from the shah
enabling American missionaries to hold
real estate in that country. He also ob-
tained a remission of the duties on goods
sent over by Persian merchants to the
Columbian exposition, and in recogni-
tion of this latter service the shah pre-
sented him with a blooded stallion of a
famous stock.
